No.	Product Name	Picture	Item No.	Parameter	Description	Price
1	Microwave & Light induction Ceiling lamp 7W		EA -CL-7W	<b>Rated voltage:85-265V</b> <b>Rated power:7W</b> <b>Luminous flux:630LM</b> <b>Sensing distance:≤15m</b> <b>Sensor angle:120°</b> <b>Delay time:60S</b> <b>Size:Φ320*H105mm</b> <b>Material:Iron+Acrylic</b>	Scope of application: Apply to automatically turn off the lights of the corridor, corridors, warehouses, underground passages, toilets and other places. Product Features: 1.Save energy, long life, non-polluting, safe and reliable; 2 inductive switches with LED lights integration, easy installation, beautiful, energy-saving, light effects. 3 Product design using special sensors to detect changes in human interpretation of the infrared spectrum, the switch automatically switches the load LED lights, the people don't leave and continued activities, the duty cycle to work, to leave the switch delay, and turn off automatically load ; 4. This product uses the light control device	USD22.26
2	Microwave & Light induction Ceiling lamp 9W		EA -CL-9W	<b>Rated voltage:85-265V</b> <b>Rated power:9W</b> <b>Luminous flux:810LM</b> <b>Sensing distance:≤15m</b> <b>Sensor angle:120°</b> <b>Delay time:60S</b> <b>Size:Φ320*H105mm</b> <b>Material:Iron+Acrylic</b>	Scope of application: Apply to automatically turn off the lights of the corridor, corridors, warehouses, underground passages, toilets and other places. Product Features: 1.Save energy, long life, non-polluting, safe and reliable; 2 inductive switches with LED lights integration, easy installation, beautiful, energy-saving, light effects. 3 Product design using special sensors to detect changes in human interpretation of the infrared spectrum, the switch automatically switches the load LED lights, the people don't leave and continued activities, the duty cycle to work, to leave the switch delay, and turn off automatically load ; 4. This product uses the light control device	USD23.23
